

What does your Digital Identity say about You?

Child Tech Contract Tips

- I am required to contribute to the cost of my devices.
- It is my responsibility to be sure the devices are being recharged each night in the _____.
- My devices must be turned off at ____ pm each school night and ____ pm in the summer and weekend nights.
- I agree that if I am unable to keep up with my responsibilities, the use of my devices can be taken away from me.
- I will not use my devices to take pictures of nudity (or search for), violence or other inappropriate content.
- I will not take a picture or video of anyone without that person's permission.
- I will not use my devices for malicious purposes. (Cyber Harassment, Crank calling, etc.)
- Do not ever ignore a phone call if the screen reads "Mom/Dad" or "Guardian".
- Your devices does not go to school with you. *Half days, field trips and after school activities will require special consideration.
- Child must go over any new apps/social network accounts/video games with parent/guardian prior to use
- Child must go over any updates to the apps prior to using the update

Child Tech Contract Tips

- Do not use this technology to cheat (gain a advantage over other person).
- Do not involve yourself in the digital drama. Anything you do through technology leaves a trail.
- I will limit the number of people I give my phone number and screen names.
- **Mom and Dad or guardian will meet all of your followers/digital friends in the real world, no exceptions.**
- I will limit the amount of time I am on the devices.
- I will maintain grades/chores/behavior as follows:_____
- I will not share any personal info while online, this includes but is not limited to: family members birthdays, vacation plans, photos, or video without prior approval.
- Mom and Dad or Guardian will have access to all phone passwords and voice mail, social networking, video game passwords. NO HIDDEN ACCOUNTS!
- Parents or Guardian the right to go through any devices/accounts with probable cause. Assume everything you do online is being monitored and act accordingly. Let your friends know that you are being monitored as well.

YouTube “Fan Funding”

Do NOT use without a parents permission

The screenshot shows the YouTube Help page for Fan Funding. The page has a red header with the YouTube logo and a search bar. Below the header, there's a red sidebar on the left with the text "YouTube Help" and "Monitor your content > Fan Funding". The main content area is white and titled "Turn on Fan Funding". It explains that Fan Funding allows viewers to make voluntary payments to support a channel. It lists availability and eligibility requirements: being located in Australia, Japan, Mexico, or the United States; meeting general criteria for YouTube partnerships; having a verified account by phone; and having an approved AdSense account linked to the YouTube account. A yellow warning box states that viewers in supported countries can use Fan Funding to donate to the channel. At the bottom, there's a section titled "Enable Fan Funding" with two links: "Turn on Fan Funding for your channel" and "Turn on Fan Funding for your network". On the right side, there's a red sidebar with the title "Fan Funding" and links for "Introduction to Fan Funding", "Turn on Fan Funding", and "Link your channel to a Google Payments Merchant account". At the bottom of the right sidebar, there's a red YouTube logo with the text "Creators" and "Resources for Creators", followed by a link to "Check out the creator resources available to help you build your channel and connect with the community."

2 Tips for online video posting

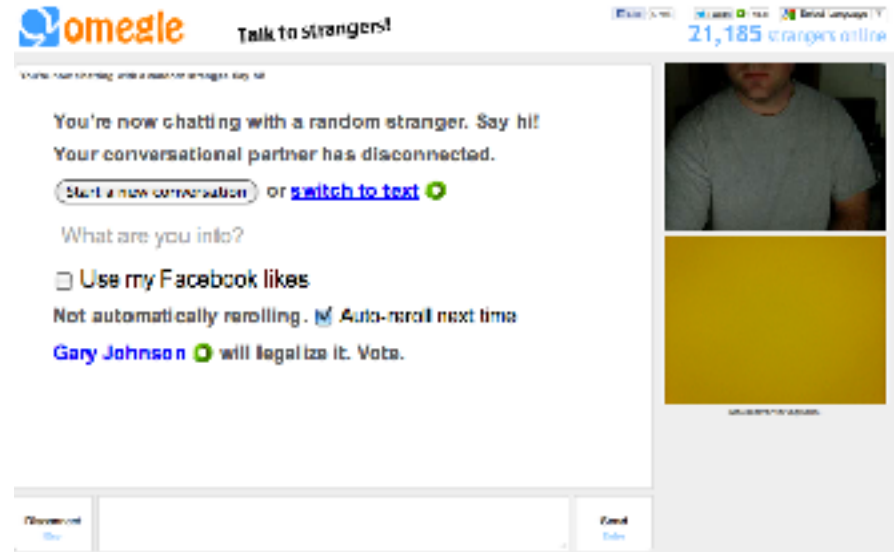

- You must get permission for all uploads
- Must give a reason for posting
(Example: to educate, to promote a skill, talent)
- Have them identify their audience before posting (Example: for kids, for adults)
- Make sure there's no personal info included in the video or profile
- Decide you will be able to view it (public, private, etc.)
- No live streaming without an adult present

Webcams & Videos

- Webcam is extremely popular.
- Chats like “omgle” stickcam, ustream, are live but are not as anonymous as they claim.
- Remember that any communication done on these sites can be recorded and posted elsewhere on the Internet.
- Nothing done on these sites is considered private!!!

☐ **Making Fake Account Anonymous** 06/04/13(Tue)00:38 No.11390038 Replies: >>113902156

I want to make a fake girl account for Kik. I need at least 12 pictures of a girl, at least 5 nudes. I don't have a preference to how she looks as long as she looks good. I'd strongly prefer the pictures be selfies. I will post a few photos of a fake I already made. Plc related, this is the fake I had before.

Hello Elena,

Thank you for your interest in my program and your kind words. Please let me know if there is something I can add to the presentation, apps, website, monitoring tools, I am always looking at ways to improve the presentation. Please let me know if there is anything else you need.

Here is a PDF link to the parent presentation:

<https://www.dropbox.com/s/n6aesg0ct7u7xib/AQMS%20PARENT%2010-5-16.pdf?dl=0>

I have also attached a copy of the generic parent/child tech contract, as well as my digital brochure. Please feel free to forward my info to anyone that you think could benefit from my program, churches, schools, businesses, etc. Word of mouth is what keeps my program going.

Please let me know if you have any other questions

Privacy in the Digital Age

There is none, anything can be shared:

- Screenshots
- Hacks (Friends/Others)

Parents/Guardians are responsible for anything their child does online

- Anything posted
- Any sites visited
- Anything downloaded

Monitoring the Digital Age

I can be hard as a parent to keep up:

- Go through devices, understand all apps they download, make them the experts and teach you
- Parents must have all passwords to all accounts

There are apps to monitor, but the best is device in hand

- Teen Safe (www.teenSAFE.com)
- mSpy (www.mspy.com)

Circle by Disney

- Can track where your kids go on the Net (Not Cell)
- Block sites you don't want them to see,
- Limit their screen time, and turn the Internet off at night.
- It requires absolutely zero technical expertise to set up
- Can manage all of it from an app on your iPhone.

Set up Family Sharing

Use these steps to set up Family Sharing. You can start a new family group and invite people to join, or you can join someone else's family group.

Family Sharing makes it easy for up to six people in your family to share each other's iTunes, iBooks, and App Store purchases without sharing accounts. Pay for family purchases with the same credit card and approve kids' spending right from a parent's device. And share photos, a family calendar, and more to help keep everyone connected.
